

Design Your Own Flag!

Imagine that you are one of the founders of a new nation and you need to create a flag for your country.

1. Choose a name for your country.
2. Use polygons to create and design a beautiful flag that must have at least one translation, one reflection, and one rotation.
3. Present your flags to your classmates and explain how you created them.

Note: *You can work with a partner.*

Materials:

- Construction paper
- White paper
- Some colored markers
- Scissors
- Glue
- A ruler
- A protractor
- A pencil
- An eraser
- Anything else you want to use!
